

## Chief Executive Officer for SBA Modular

SBA Modular is a new generation and climate friendly modular housing construction company. Based on modern methods of construction, the company delivers design-build CO2 neutral apartment buildings. We at SBA Modular invent everyday to bring our Customers smarter housing solutions. By offering alternative living space solutions for people looking for comfort and sustainable living, we enable people to truly live their values. It is planned that by 2025 SBA Modular turnover will exceed 100 million EUR and will offer about 1,000 apartments to the market every year. The company is a part of the SBA Group.

At the moment we are looking for **Chief Executive Officer** who will take full responsibility for achieving the company's ambitious goals. The most important factor in achieving is the implementation of advanced innovation culture and the entrepreneurial empowerment of a highly motivated team.

Tasks for the role:

- Development and implementation of the company's long-term and short-term strategy;
- Winning team formation, its empowerment and unconditional leadership;
- Analysis and effective implementation of the company's business processes;
- Production and budget management / planning;
- Knowledge of the competitive environment, market needs and its major players;
- Understanding and implementation of main technological directions and innovations in the company;
- Development of the company's activities in selected regions and continents;
- Creating value for the company, achieving its ambitious goals and ensuring the agreed profitability.

Expectations for the candidate:

- Education in engineering or architecture would be considered as a big advantage;
- At least 3 years of experience in creating, developing and managing international business (construction, design business or manufacturing sector);
- Experience in management of large housing projects;
- Strong analytical, negotiation and communication skills;
- Entrepreneurship;
- Possibility for work travels;
- Leadership, cooperation culture;
- Tendency to innovate and curiosity;
- Determination and responsibility for results;
- Fluent in English (Scandinavian / German languages - an advantage).
